

Community Disaster Resilience Fund (CDRF)

“Grassroots Initiatives in Disaster Risk Reduction and CDRF Pilot”

- A Dialogue Workshop and Learning Exchange

The workshop objective is to share the plans across 5 states on preparedness by community/ women's groups before the flood and cyclone season and see how CDRF funds have been effectively used to gain support from local governments and districts.

The workshop will also assess how the local platforms and implementation of HFA can be more effective in supporting grassroots groups.
